### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**DETAILED ACTION**

1. This office action is in response to the amendment filed on 08/04/2008.
2. Claims 1-7 and 12-22 are pending.

***Response to Amendment***

3. The 35 U.S.C. 101 rejection has been withdrawn due to the amendment.

***Response to Arguments***

4. Applicant's arguments have been fully considered but are moot in view of new ground(s) of rejection.

***Claim Rejections - 35 USC § 112***

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 1-7 and 12-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

For claim 1, on lines 1-2, "the one or more design-time business scenarios each" does not refer back to "a plurality of design-time business scenarios." Suggested correction is "each of the plurality of design-time business scenarios." Line 5 recites "a set of business process logic", whereas line 23 recites "the business process logic". It is vague whether these two are the same. Furthermore, "business process logic" on line

Art Unit: 2452

26 and “business logic” on line 30 are not referred back to either “a set of business logic” or “the business process logic” before. Similarly, “routing rules” on line 28 and “executable mappings” on line 31 are not referred back to previously cited routing rules and executable mappings. Claim 4 recites “a logical routing service” same as in claim 1. It is vague whether these two are the same.

The errors cited above are some examples of numerous errors in the claims. Similar errors are found in independent claims 12, 21 and respective dependent claims of claims 1, 12 and 21.

Applicant is requested to locate and fix these errors. Appropriate correction is required.

### ***Allowable Subject Matter***

7. Claims 1-7 and 12-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Conclusion***

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure and is disclosed in form PTO 392.

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
